

**Predicting Serious Drug Side Effects in
Gastroenterology - PRED4
UKIBDGC and International IBDGC project.**

PRED4 It is that time of the year again and we have extended the PRED4 study until 31st Dec 2017 . The study has been so successful that we want to expand the cohorts to do further analysis. We would like to thank you for your continued support and we look forward to working with you all again in 2017.

Amendment 6 – Extension

Attached to this newsletter is the REC approval and HRA validation we are still awaiting HRA approval and we hope this will be with us shortly. In the meantime can you please forward this to your R&D office for their information and workforce planning.

**PRED4
4 years on!**

PPI - 169 recruits

TNF – < 10 recruits required now.

SAN – 34 recruits need 2017 focus!

TIP – 650 Paper published September 2014 HLA association found.
Continue to recruit to build further replication cohorts and exome sequencing.

TIM – 647 Paper submission end of Dec 2016. New variant found. Continue to recruit for replication

THR - 258 recruits - Paper to be submitted beginning of 2017. Continue to recruit for replication

TIH – 246 recruits - Paper to be submitted beginning of 2017. Continue to recruit for replication
